sportelloscuola

"Progetto Scuole e culture del mondo"

A service of the project "Scuole e Culture del Mondo" designed for foreign and Italian families who are sending their children to primary school in Parma. The access to the service is free.

Who we are

at the sportelloscuola you can find various professionals: a project coordinator, an operator and 12 linguistic/cultural mediators from as many geographical areas.

What we do

Via the Sportelloscuola foreign and Italian families have access to information concerning:

- Italian schools and how the primary school system is organised in Parma;
- the procedure to enrol in a school;
- bodies and institutions in charge of organising schools (The "Ufficio Scolastico Provinciale" and other territorial bodies);
- the Municipality of Parma and its primary school services (financial aid such as book tokens and other contributions, school transport, school meals etc.);
- territorial centres and services for special educational needs;
- information and orientation points (Informagiovani, etc...);
- territorial associations and social centres (Centri Giovani etc...);
- summer services and enrolment procedure, how to obtain the Municipality of Parma's service vouchers;
- L2 and L1 Italian courses;
- information packs, for schools and families, also bilingual.

Foreign families recently reunited with their son/daughter can receive concrete help when enrolling in a school, being able to count on assistance from linguistic/cultural mediators for a personalised introduction and reception.

Headquarter: Via Milano 14

Opening days: monday & wednesday, from 16 to 18 pm

friday from 10 to 12 am, better under a appointment
